Re: **Insignificant Change Request**
Merrimack College Athletic Project
DEP File No. 090-1287

Dear Mr. Schwarz:

Please be advised that the Andover Conservation Commission at their April 3, 2018 meeting approved the temporary changes outlined in your letter dated March 20, 2018 as an Insignificant Change.

The temporary changes included:

A temporary gravel lot on a portion of the previous baseball field site. The limit of the gravel will remain outside the 100 foot buffer and the area will be restored prior to the expiration of the Order of Conditions for the Athletics District Project. The gravel area will be consistent with the existing grades and allow for infiltration of stormwater and any runoff that is not infiltrated will maintain existing drainage patterns and overflow to the Football Field basin.

For the Andover Conservation Commission,

Lynn M. Viselli,
Conservation Administrative Secretary
CC: DEP, VHB and Greg Hochmuth
