Re: **Insignificant Change Request**
254 South Main Street, Snyder Center, Andover, MA
DEP File No. 090-1253

Dear Mr. Galanis:

Please be advised that the Andover Conservation Commission at their May 15, 2018 meeting found the proposed change to be Insignificant to the Wetlands Protection Act as outlined in your letter dated May 1, 2018 and the handout emailed to our office.

The changes included:

Maintenance of invasives along Rogers Brook adjacent to the Snyder Center using the pest management program registered with the state. Permission is granted to "knock down" the invasives a couple of times a year without using chemicals, but by brush hogging during the timeframe of the existing Order of Conditions.

For the Andover Conservation Commission,

Lynn M. Viselli,
Conservation Administrative Secretary
CC: DEP, Russell Stott
