

Be Part of the Solution

Climate crisis is intensifying the water cycle, making wet periods wetter and dry periods drier. Severe droughts can make both rainfall and flash flooding more severe, creating *weather whiplash* events. When heavy rain falls over drought-stricken soil — which is often hard and cracked — it cannot soak into the ground, and becomes runoff. Rain Barrels can be part of the solution.

ANDOVER 2023 Rain Barrel Program

Reasons Why You Should Buy a Rain Barrel

- Decreases your water bill by up to 40%.
- It is an alternate source of water during droughts.
- Rain water is a healthy, chlorine and chemical-free water source for plants and gardens.
- Improves residential storm management.
- Rain barrels slow pollution from runoff.
- Lower municipal water demands & save energy at treatment plants.

About The Great American Rain Barrel:

- 100% re-purposed, food grade, UV protected and BPA free barrels. ***Produced in Massachusetts.***
- Most durable rain barrels on the market: 3/16” wall thickness. Screen filtered to keep mosquitoes out.
- Will last for years when properly drained & stored for winter. Pay for themselves in one year.
- Several rain barrels can be linked together — easy 5-minute setup

How to Purchase Your Rain Barrel:

Rain Barrels are available for purchase by Andover residents at the discounted price of \$69.00 by using the coupon AND23. This offer is limited to 80 barrels and restricted to Andover residents only.
