Section 26.1 All positions newly created or whenever a vacancy occurs, exclusive of the Fire Prevention Lieutenant's position and Deputy Chiefs, will be posted within thirty (30) calendar days of the opening for a period of seven (7) calendar days and will be filled by seniority within seven (7) calendar days from the final posting date. If at the end of this seven (7) day posting period no eligible member has bid for the position, then the most junior eligible member will be awarded the position. Members being transferred will receive a minimum of two (2) days off before being reassigned to a new unit, however, no member will be required to work more than forty-two (42) hours in an eight day pay period.

Section 26.2 Employees who hold the same rank may apply to the Chief in writing for the vacant position throughout the seven (7) calendar day posting period.

Section 26.3 The Town of Andover agrees that the following positions are subject to bidding under Article 26 of this agreement.

- A. Substation drivers/hydrant
- B. Central Station engine driver
- C. Central Station ladder driver
- D. Central Station ladder aide
- E. Engine Company Lieutenants
- F. Fire Prevention Lieutenants and Firefighters
- G. Ambulance EMT Coordinator
- H. Central Station Hydrant Position

The Town of Andover is not permitted to assign a bargaining unit member assigned a position under Article 26 to fill a temporary or permanent vacancy on another unit without compliance with Article 26, the only exception being the bargaining unit member who bid the Central Station Hydrant position. Nothing provided herein shall prevent the Town of Andover from filling a temporary vacancy on another unit with an unassigned bargaining unit member.

- a. For the position of Ambulance EMT Coordinator listed as G. above, the following will apply:

The Ambulance EMT Coordinator will work under the direction of the Deputy Chief assigned as medical officer. The member assigned this position will perform the duties as required by the medical officer. The member will be allowed the time off duty to perform these assignments and shall be paid their time and one half rate. The position will be filled with the most senior EMT assigned to the ambulance bidding for the position, and shall be bid yearly or when a vacancy occurs.

Section 26.4 The positions of Lieutenant and firefighter in the Fire Prevention Office will be filled on a strict seniority basis with the most senior applicant receiving the position. The positions will be posted every odd year within the first week of October for seven (7) calendar days for a two (2) year term of duty. In the event there are no applicants, the most junior member in that rank will be assigned the position for a two-year term of duty. In the event a member assigned to a two year term desires to withdraw from the program, he/she may request that the position be re-posted at anytime after six (6) months from the previous posting.

If no applicant bids, he/she shall retain the position until the completion of the two-year term or until a new permanent Lieutenant is appointed, under which circumstance the most junior Lieutenant will be assigned the position for a two-year term. The position shall be posted for seven (7) calendar days for a six (6) month term of duty and, if no applicant bids, then it will be posted for seven (7) calendar days for a two (2) year term of duty as above.

Section 26.5 When the Chief of the Department determines the need to fill a permanent vacancy of a Deputy Chief's position occurring on any unit due to a resignation or retirement, the vacancy will be posted on a bulletin board in each station. The notice shall remain posted for a period of seven (7) calendar days including the day of the posting.

Section 26.6 Annually on or before October 1st of each year, the Chief shall post each Deputy Chief's position in order that members have an opportunity to request a transfer from his present unit of assignment.

Section 26.7 Annually, on or before October 1st of each year, the Chief shall post each Fire Department staff position in effect at the time or newly created in order to give each Deputy Chief an opportunity to serve in the various staff responsibilities. Staff positions currently in effect are:

Administrative Deputy Chief	Computer Officer
Liaison with Central Dispatch	Apparatus Officer
Fire Alarm Officer	Fire Investigator
Training Officer	Medical Records Officer
Operations Officer	Assistant Training Officer

Members may apply to the Chief in writing for the vacant or posted positions throughout the seven (7) calendar day posting period. The Chief will evaluate applicants for the vacant positions based on the qualifications of seniority, background, training, past record, experience, proven ability and scheduling availability. Within seven (7) calendar days after the last day of the posting period, the Chief will award the position to the most qualified of the applicants, if any.

In the event two or more applicants are deemed equally qualified to fill a vacancy, the most senior of the applicants will be awarded the position. If no Deputy Chief applies for any of the above positions, the Chief may then assign a Deputy to such position for a one-year period. No member will be required to perform more than two staff positions.

Section 26.8 Bargaining unit members will not be discriminated against for job openings or promotions because of a relative being on the Andover Fire Department. Bargaining unit members will not be permitted to bid into a position on a unit in the same station where an immediate family member of a higher rank is already assigned. Additionally, a bargaining unit member holding a higher rank than his/her immediate family member may not bid into a position on a unit in the same station where that immediate family member of lower rank is already assigned. A bargaining unit member or a new hire who must be placed in the above mentioned situation, due to the fact it is the only available position, station or unit, will not be refused that position or promotion but must bid all jobs that become available with relation to their duties until a position becomes available that they would be eligible for under the job bidding and posting section of this contract. Bargaining unit members will not be displaced or refused a position in order to accomplish this goal. Bargaining unit members, who at the time of the signing of this contract may not be in compliance with this article, will not be required to comply with this article in relation to their current position but will be required to comply with this

article upon promotion or when they voluntarily bid for a new position according to the job bidding and posting section of the contract.

For the purposes of this article immediate family shall mean mother, father, sister or brother.

Bargaining unit members may not be required to relinquish an assignment or promotion they have in order to make accommodations for this article. Nor will they be discriminated against for their refusal to relinquish an assignment or promotion. Bargaining unit members will not be refused or have to relinquish any overtime or swap assignments or any other provision of the contract unless expressly provided for in this article.

ARTICLE 27 - WORK IN A HIGHER CLASSIFICATION

Section 27.1 Employees appointed by the Town to work in a higher classification shall be paid at the minimum pay step of the higher classification for all hours worked.

Section 27.2 When it appears a temporary vacancy in an officer's position will occur for more than six (6) weeks, for other than vacation, then such position shall be filled as follows:

1. If there is an existing certified civil service list for that position, it will be offered in the order in which the members appear on that list.
2. In the event of no such list then the position will be offered to the member having the highest seniority in the next lower classification.
3. In the event of a tie score, the score will be brought out to the hundredth. The responsibility for proving the rounding out of a tie score rests with the candidate and not the Town.

Effective July 1, 2009, the detail rate for road details shall be \$40.00 per hour for details where the work is performed by any Town and School department, and \$45.00 per hour for all other details. Non-Town and non-School details shall be compensated at time and one-half the regular hourly detail rate for Saturday and Sunday work, as well as night hours worked between 5pm and 7am, Monday through Friday.

Section 28.3 A roster for outside details shall be maintained, according to seniority as determined by permanent civil service appointment date of all members; indicate which members desire to work fire department details; reflect the total number of hours worked by each member. Under this agreement members will assume the highest hours on this detail chart at first date of employment.

The member awarded this position will not be eligible to be awarded this position again until all other applicants have been exhausted. The member awarded this position will be trained by the Fire Alarm Officer in order to be capable of working on the system. The member who successfully bids and is awarded the position will be exempt from the overtime draft while on fire alarm maintenance work.

Section 28.6 A list of employees desiring fire alarm maintenance duty shall be maintained on a seniority basis in a master list and members asked to work these details shall be charged for both the hours worked or refused.

Section 28.7 Blasting details, when required by the chief or his designee, will be offered to those members who have completed a MFTA blasting course or its equivalent. Cutting and welding details will be offered to all members on the detail list.

ARTICLE 29 – UNION/MANAGEMENT COMMITTEE

Section 29.2 The Committee shall consist of not more than four (4) management representatives and not more than four (4) Union representatives. Either side shall present a written agenda to the other, one (1) week in advance of the regularly scheduled meeting. Where neither side submits a written agenda, the meeting shall be deemed canceled. Un-scheduled meetings may be held by mutual agreement of the parties.

ARTICLE 30 - STABILITY OF AGREEMENT

Section 30.1 The parties to this Agreement may, from time to time, make amendments, modifications, changes or revisions in this Agreement, provided that said amendments, modifications, changes or revisions are mutually agreeable, reduced to writing, in acceptable language and appended to the body of this Agreement.

Section 30.2 The failure of the Town or the Union to insist, in any one or more situations, upon performance of any of the terms or provisions of this Agreement shall not be considered as a waiver or relinquishment of the right of the Town or the Union, to the future performance of any

such term or provision, and the obligation of the Union and the Town or such member for such future performance shall continue in full force and effect.

ARTICLE 31 - FAMILY LEAVE

Section 31.1 The purpose of this article is to insure that members who have a personal or family tragedy or illness or pregnancy will be fully utilized in a capacity that will not endanger the member, the fetus, other members and officers or the general public. This article is intended to extend to the members the option and opportunity to safely and effectively deal with a family tragedy, emergency or pregnancy.

- a. The Department and the Union recognize that pregnancy is not a disability. Each pregnancy is different and pregnant members have the right to be treated as individuals with respect to decisions about their ability to work based upon their individual pregnancies and their current assignments. We further recognize that both state and federal law prohibit discrimination on the basis of pregnancy. Accordingly, the fact that a firefighter or officer has become pregnant shall not be cause for an involuntary change in the terms and conditions of her employment.

- b. If the member believes that she is unable to perform the essential functions of her current assignment or is placing herself or other members' safety in jeopardy as a result of being unable to perform the functions of her assignment then said member may choose to be reassigned to other duties as outlined in section c. We further recognize that pregnancy is a personal and confidential matter. No member shall be required to disclose that she is pregnant. Any member who does disclose her pregnancy shall be entitled to have all information relating to the pregnancy kept confidential.

- c. The Department and the Union recognize that some members may desire a change in duties during their pregnancy because of concern for their health and safety and for the health and safety of their fetus. In addition, pregnant members may become unable to perform the essential functions of their position. Therefore, at the member's option, the Department will honor the request of any pregnant member to be placed on the duties under this section. After the request is received the Department shall assign the member to non-hazardous administrative duties. The member would be assigned to the Chief and assigned duties, as needed, within the regular business of the Fire Department. These duties may include:
 1. Communications within the Andover Fire Department
(not Central Dispatch)
 2. Desk Operations
 3. General clerical work
 4. Public Relations
 5. Computer Operations

6. Such other assignments which may be agreed upon by the member, the Union and the Chief.

These assignments shall be on an administrative schedule Monday through Friday from 0830hrs to 1630hrs. The member would continue to wear the department uniform until it becomes impractical to do so. That time would be determined by the member and the Chief. At that time, the member may wear maternity clothing appropriate for the office.

- d. The member will continue to receive all incentives, benefits and stipends she was receiving prior to the re-assignment. (i.e. Ambulance EMT pay, etc.)
- e. The member may choose not to participate in any part or all of this benefit without forfeiting any rights the member had prior to the signing of this contract.
- f. The member shall be eligible to use accrued leave during her pregnancy and after delivery as outlined in 16.2 of this agreement. Members will be entitled to all benefits and rights under the Federal Family and Medical Leave Act and the Massachusetts Family and Medical Leave Act.
- g. Members will be able to use their accrued time to stay on the payroll and keep their health insurance in effect during their leave. The Town's and the member's portions of the premium of their health insurance benefit will remain as stipulated in section 24.1 of this Agreement.
- h. Subject to the operating needs of the Department, any member may be granted leave utilizing their accrued time in order to attend the birth, adoption or care of a new child.

Section 31.2 The Department and the Union recognize that personal tragedy, or family emergency is not a disability. Each situation is different and all members with personal tragedy or family emergency have the right to be treated as individuals with respect to decisions about their ability to work their respective current assignments. Accordingly, we further recognize that both State and Federal law prohibit discrimination on the basis of personal tragedy or family emergency. Accordingly, the fact that a member has a personal tragedy or family emergency shall not be cause for an involuntary change in the terms and conditions of said members employment. Any member with a personal, family emergency or tragedy may use up to twelve (12) weeks sick leave as outlined in Section 16.2 of this Agreement in addition to the Federal Family and Medical Leave Act and The Massachusetts Family and Medical Leave Act.

- a. If the member believes that he or she is unable to perform the essential functions of their current assignment or are placing their or other members safety in jeopardy as a result of being unable to perform the functions of their assignment then said member may choose to be reassigned to other duties as outlined in paragraph b below. We further recognize that personal illness and family emergency or tragedy is a personal and confidential matter. Any member who

does disclose their situation in regards to this section shall be entitled to have all information relating to the situation kept confidential.

- b. The Department and the Union recognize that some members may desire a change in duties during their family emergency or tragedy because of the personal concerns of said member. Therefore, the Department will honor where possible, the request of any member who chooses to be placed on the duties under this section.

After the request is received, the Department shall assign the member to non-hazardous administrative duties where possible. The member would be assigned to the Fire Prevention Deputy Chief and assigned duties, as needed, within the regular business of the Fire Department. These duties may include:

1. Communications within the Andover Fire Department (not Central Dispatch)
2. Desk Operations
3. General clerical work
4. Public Relations
5. Computer Operations
6. Such other assignments which may be agreed upon by the member, the Union and the Chief.

These assignments shall be on an administrative schedule Monday through Friday from 0830hrs to 1630hrs. The member would continue to wear the department uniform as prescribed by the Chief.

- c. The member will continue to receive all incentives, benefits and stipends he or she was receiving prior to the re-assignment. (i.e. Ambulance EMT pay, etc.)
- d. The member may choose not to participate in any part or all of this benefit without forfeiting any rights the member had prior to the signing of this contract.
- e. The member shall be eligible to use accrued leave during the said period and as outlined in Section 16.2 of this Agreement. Members will be entitled to all benefits and rights under the Federal Family and Medical Leave Act and the Massachusetts Family Leave Act.
- f. Members will be able to use their accrued time to stay on the payroll and keep their health insurance in effect during their leave. The Town's and the member's portions of the premium of their health insurance benefit will remain as stipulated in Section 24.1 of this Agreement.

ARTICLE 32 – MILITARY LEAVE

Section 32.1. For training requirements a fire fighter will be allowed up to thirty (30) Military Leave days per fiscal year without being required to submit any reimbursement of money to the Town. For purposes of this provision a day shall be equivalent to twelve (12) hours. Any Military Leave which is in excess of the said thirty days will require the fire fighter to submit his/her Military Leave Earning Statement (LES) in order to reimburse the Town. The Town's obligation will be to make up the difference between the fire fighter's military base pay and his/her regular weekly rate of pay. Fire fighters who work in excess of eight (8) days in a row because their military training falls on their scheduled days off, are allowed to use up to two Military Leave Days during the week preceding or following their military training. All fire fighters attending military training will submit a copy of their military orders to the Department when they are issued.

Section 32.2. If a fire fighter who is a member of a reserve military unit is called to active duty, the Town will pay said fire fighter the difference between his/her military base pay and the fire fighter's regular weekly rate of pay. In addition, the Town will maintain its share of either an individual or family (whichever should apply) medical coverage for the term of the fire fighter's call to active duty. Fire fighters will be required to submit copies of their Military LES as they become available. The Chief shall allow vacation carry-over in excess of allowances noted in this collective bargaining agreement in the event a fire fighter's active duty precludes his/her use of vacation; he/she shall be permitted to carry over such vacation as provided in Section 12.12 of Agreement. Any excess vacation time must be used within twelve (12) months of the fire fighter's return to duty. This section is meant to supplement the Soldier's and Sailor's Relief Act of 1984 and it is not meant to replace it or any other Federal or State benefit.

Section 32.3. Fire fighters and the Town will comply with the Town of Andover Military Service Policy that conforms with the USERRA Charter 708 of the Acts of 1941 and relevant provisions of the Massachusetts General Laws, with respect to employment, re-employment and protection of benefits during military service.
