NOTICE OF UPCOMING CONSTRUCTION

July 15, 2020

Dear Property Owner / Resident of the Enmore Street Neighborhood;

This letter is to notify you of the upcoming paving on Enmore Street. The contractor performing the work will be Brox Paving out of Dracut, MA. Work is scheduled to begin July 17th at 7am and will last one day. This work is weather dependent and will be rescheduled for inclement weather.

This work necessitates an adjustment of the curbside refuse pickup times. Please ensure all trash and recycling for pickup are placed prior to 6:00am on Friday July 17th. Trash and recycling will be picked up prior to 7:00 AM.

As a reminder, there will be no on street parking during Fridays work. Access to driveways will be limited at times, parking on a side street for the day is recommended. Driving over asphalt will not be permitted until the asphalt has sufficiently cooled.

Construction of new sidewalks and adjustment of curbing will begin shortly following completion of the first layer of asphalt. Notifications will be made when the date is confirmed with the contractor.

Every effort will be taken to assure that access to your property during the construction period will be maintained and that any interruption is minimized. Any personal property in the Town Right of Way such as sprinkler systems should be removed or have their location clearly marked. The greatest possible effort will be made to avoid damaging such property, but the contractor will not be liable for private property damaged in the Town Right of Way. We greatly appreciate your assistance in this project.

Thank you for your consideration in this matter. Should you have questions regarding this project please contact Joseph Assenza, Project Engineer, at 978-623-8774 or Joseph.Assenza@AndoverMA.US

Sincerely,

Art Martineau
Town Engineer
