

Christmas Tree Collection

Christmas trees are scheduled to be collected the same day as trash collection and it counts as your weekly bulk item (one per week)

Remember:

- Please remove all decorations and place tree curbside with your regular trash
- Trees over 7 feet in height must be cut in half
- Trees frozen in snow banks will not be picked up
- There is no start/stop date for collecting trees

Note: *The holiday season results in the highest trash volume of the year. Trash must take priority over trees if volumes, weather, or other factors threaten the completion of daily trash routes. Trees left will be picked up at a later date.*
